

Privacy policy

Please find below the privacy policy of GPS Tuner Kft applicable to the web sites of GPS Tuner Kft. Should you not agree with this privacy policy, please do not use or visit the web sites of [GPS Tuner Kft](#).

GPS Tuner Kft safeguards the privacy of its visitors and customers regardless of their nationality or location. GPS Tuner Kft ensures privacy and protects personal rights and personal data of its visitors and customers during and following the use of any of its services. This privacy policy deals with identifiable information (referred to as "Data" below) that may be collected by GPS Tuner Kft on its site.

1. DEFINITIONS

In this privacy policy, the following definitions shall have the meaning as set out below:

Personal data shall mean any information in relation to an identified or identifiable natural person and any reference drawn, whether directly or indirectly, from such information. Such information shall be treated as personal data as long as the data subject remains identifiable through it.

Special data shall mean (i) personal data revealing racial, national or ethnic origin, political opinions and any affiliation with political parties, (ii) religious or philosophical beliefs, trade-union membership, (iii) personal data concerning health, addictions, sex life, or criminal record. GPS Tuner Kft does not require, collect or manage special data.

Data management shall mean any operation or set of operations that is performed upon data, whether or not by automatic means, such as collection, recording, organization, storage, adaptation or alteration, use, disclosure by transmission, dissemination or otherwise making accessible, alignment or combination, blocking, deletion or destruction, and blocking them from further use.

Data processing shall mean the technical operations involved in data management, irrespective of the method and instruments employed for such operations and the venue where it takes place.

Data forwarding shall mean allowing a specific third party to access to data.

Publication shall mean a process which results in allowing the general public to access the data.

Data controller shall mean a natural or legal person or not incorporated organization that establishes the purpose of the data processing, resolves on data management (including the means) and implements such decisions itself or engages a processor to implement them.

Data processor shall mean a natural or legal person or not incorporated organization that is engaged in the processing of personal data on behalf of a controller. .

Data deletion shall mean destruction or elimination of data sufficient to make it irrecoverable or irretrievable.

Automated data shall mean data being automatically processed;

Automated data processing shall mean a process where data processing is fully or partly automated for the following steps: storage, logical or arithmetic operations, modification, deletion, search or public disclosure of data.

2. DATA MANAGEMENT

GPS Tuner Kft complies with the requirements related to data management and automated data processing as follows:

- a) Personal data will only be processed if the data subject has given his consent.
- b) Data will only be acquired and processed in a fair and legitimate way,
- c) Data will only be stored and used for specified, explicit and legitimate purposes and will not be used any other way,
- d) Data shall be stored if and until necessary,
- e) Data shall be accurate and kept up to date if required,

- f) Data shall be kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the data were collected,
- g) No special data shall be collected, kept or processed,
- h) Sufficient security measures are introduced to avoid unwanted or unauthorized deletion, loss, access, manipulation or publication of data.

3. ADDITIONAL GUARANTEES PROTECTING DATA SUBJECTS

Each customer and/or visitor is entitled to:

- a) be informed about the automated process of personal data, the purpose thereof and the name and residency of the data processor,
- b) be informed about the data relating to him/her that is subject to automated data process,
- c) request correction or deletion of his/her personal data if reasonable,
- d) seek legal remedies if his/her request for information as set out above is rejected where such information should be disclosed by law, or if his/her reasonable request for modification or deletion is not fulfilled. Upon the data subject's request, the data controller shall provide information concerning the data relating to him/her, including those processed by a data processor on its behalf, the purpose, grounds and duration of processing, the name and address of the data processor and on its activities relating to data management, and the recipients of data and the purpose for which such data were transferred.

Requests for information will be fulfilled without any delay, and the information requested will be provided within no more than 30 days.

4. LEGITIMACY OF DATA MANAGEMENT

Personal data will only be processed for specified and explicit purposes, where it is necessary for carrying out certain rights or obligations. Such purposes will be satisfied in all stages of operations of data processing. Personal data will be processed if essential for the purpose for which it was collected, will be suitable to achieve such purpose, and it will be processed to the extent and the duration necessary to achieve that purpose.

5. DATA TRANSFER

Personal data will be transferred only if the data subject has given his/her consent or if the transfer is permitted by law, and if the safeguards for data processing are satisfied.

6. DATA SECURITY

Data controller and data processor shall implement adequate safeguards and appropriate technical and organizational measures to protect personal data, as well as adequate procedural rules to enforce the provisions of applicable laws on privacy. Data will be protected against unauthorized access, alteration, transfer, disclosure by transmission or deletion as well as damage and accidental destruction.

7. DATA PROTECTION

GPS Tuner Kft undertakes to publish clear, understandable and noticeable warning for the users, customers and visitors in order to advise them in relation to the purpose and principles of data recording prior to recording or management of any data. Furthermore, in any and all cases when data recording is not mandatory by law, GPS Tuner Kft will advise the user, customer or visitor that any provision of data is voluntary. The data subject shall be advised about the purpose of the data management, the entity or person who will manage and process the data.

In any cases when GPS Tuner Kft wishes to use any data for a purpose other than the original purpose of the recording, GPS Tuner Kft shall advise the data subject and shall ask for his/her consent in advance. In such cases, data subjects shall be entitled to refuse to consent and prohibit any use of relevant data.

GPS Tuner Kft shall act according to all limitations set out in this declaration when recording, processing and managing data. At the request of any data subject, GPS Tuner Kft shall notify the data subjects on its acts. GPS Tuner Kft shall never impose any sanctions to any user that denies provision of data when such

provision is voluntary.

GPS Tuner Kft undertakes to make any and all steps to fulfill all requirements related to data management, including technical and organizational arrangements and process regulations concerning security of recorded, stored and managed data, preventing destruction, unauthorized use and manipulation thereof. GPS Tuner Kft shall notify any third party on the above obligations, if any data is transferred to such third party.

8. AMENDMENTS

If GPS Tuner Kft introduces any amendments to this privacy policy, such amendments will be published on this website in a timely manner. If GPS Tuner Kft resolves to materially change its privacy policy, it will publish such changes to this privacy policy and elsewhere GPS Tuner Kft deems appropriate GPS Tuner Kft reserves the right to amend this privacy policy at any time, so please review it frequently.

9. DISCLAIMER

Please understand that data transmission over the internet cannot be guaranteed to be secure and GPS Tuner Kft I unable to warrant the security of any information provided to GPS Tuner Kft over the Internet. Transmission of any data over the Internet is done at your own risk and GPS Tuner Kft hereby disclaims any liability for damages or losses which result therefrom.
